

Decision of Covid Cell Committee

23th Meeting

MANIPAL UNIVERSITY
JAIPUR

Date- 8, Oct 2021

Kind attention: Students of higher semesters (except for the newly admitted students of 2021)

Dear students,

Congratulations for efficiently adopting the new way of teaching-learning i.e., the hybrid mode of classes. As the COVID-19 infections throughout the country are under control, the time is apt to utilize the teaching-learning facilities in full fledges (i.e., to perform the laboratory sessions at MUJ campus). Particularly, for some of the programmes, the laboratory is an essential aspect to grasp the proper understanding of the course. So, MUJ has decided to start the **lab classes in physical mode from 17th Nov 2021** (for programmes without lab courses will continue the teaching-learning activities till 10th Dec 2021 via hybrid mode.)

The **End Term Examination** will be conducted in the **physical mode at MUJ campus** from **13th Dec 2021 to 24th Dec 2021**.

You all are advised to plan accordingly.

Note: For the students those who will face difficulty/challenges in adhering to the same, the university will provide another chance for ETE in physical mode in the month of Jan 2022. The End Term Examinations of this semester will be held in **physical mode in MUJ campus only**. The details of the same will be shared in due time.

With Regards

Dr Ajay Kumar

Director, Academics

Professor, Department of Mechatronics
