1. **Introduction of the Event**

   Lumos is an annual event where fans of the famous book series Harry Potter come together and celebrate the literary genius of its author J.K. Rowling.

   Lumos 2.0 was centered around the Harry Potter movie cast re-union on the 20th anniversary of the first film adaptation.

2. **Objective of the Event**

   - Aims to test the participant's knowledge about given literature.
   - Enhancement of debating skills.
   - Team bonding.

3. **Beneficiaries of the Event**

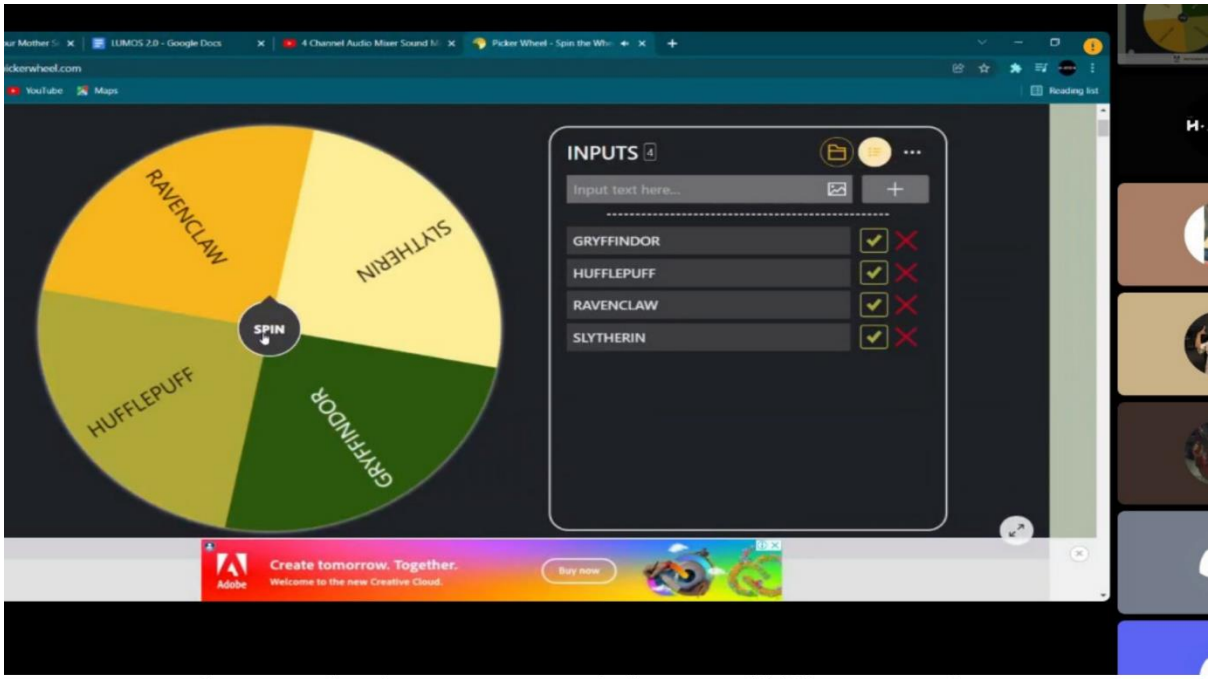
   - Students

4. **Brief Description of the event**

   The event commenced at 10pm on 1st of January 2022 on the official Discord server of LITMUS.

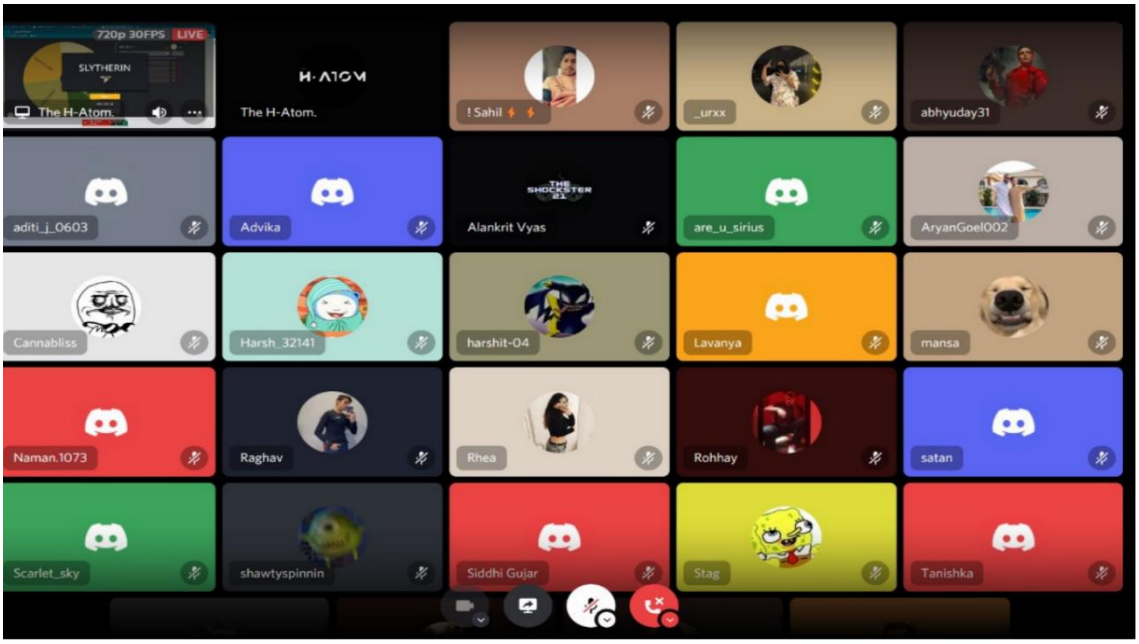
   The participants were then sorted into 'Hogwarts Houses', followed by a stream of 'Harry Potter: Return to Hogwarts'. A trivia round about the world of Harry Potter was conducted, with the winner house being allotted 20 points. The event concluded with a debate on the topic: "Was Harry wrong in naming his son after Albus Dumbledore and Severus Snape?". Gryffindor won the whole event by bagging 40 points.

5. **3 to 5 photographs of the event or screenshots of the event (if online) with captions**



Students being sorted into different houses

Streaming of the movie 'Harry Potter: Return to Hogwarts'



Attendees of the event Lumos 2.0

6. **Brochure or creative of the event**

7. **Schedule of the event**

The event started at 10pm on the official discord server. The Sorting Ceremony lasted 10:30pm, at which the stream began.
At 11:40pm, the stream was paused, and a trivia game was conducted.
Following that, the stream was resumed. It ran continuously till the end of the

show, i.e., till 12:25am. Participants were given 5 minutes to prepare, and then the debate began. It lasted till 12:52 am, after which the points were tallied, and the winner house was announced. This marked the end of the event Lumos2.0

8. Attendance of the Event

Total attendees - 87

1. Introduction of the Event

Codephrenia Jr was a competitive coding competition that provided students the opportunity to improve their problem solving capabilities and find solutions go real world work situations.

2. Objective of the Event

The codeathon was aimed to test the coding skills of the contestants, provide them a platform to compete with their peers and to develop the problem solving ability of the contestants.

3. Beneficiaries of the Event

It included the Students of MUJ and other universities and our club members.

4. Brief Description of the event

Codephrenia Jr was a competitive coding competition that provided students the opportunity to improve their problem solving capabilities and find solutions go real world work situations.

Students were provided with a problem set and were expected to solve them within a given time frame and the participants who came up with the most accurate solutions got a chance to win exciting prizes and goodies.

Prize pool –

1. Introduction of the Event

The Cybersecurity workshop was an informative workshop meant to inspire the attendees to be safe on the internet. Other than that, the workshop also covered topics on ethical hacking.

2. Objective of the Event

To Guide the participants on how to get started with cybersecurity and to provide a roadmap to a career in cybersecurity and to gain knowledge about bounties

3. Beneficiaries of the Event

It was only for our club members

4. Details of the Guests

Ajinkya Lohakare

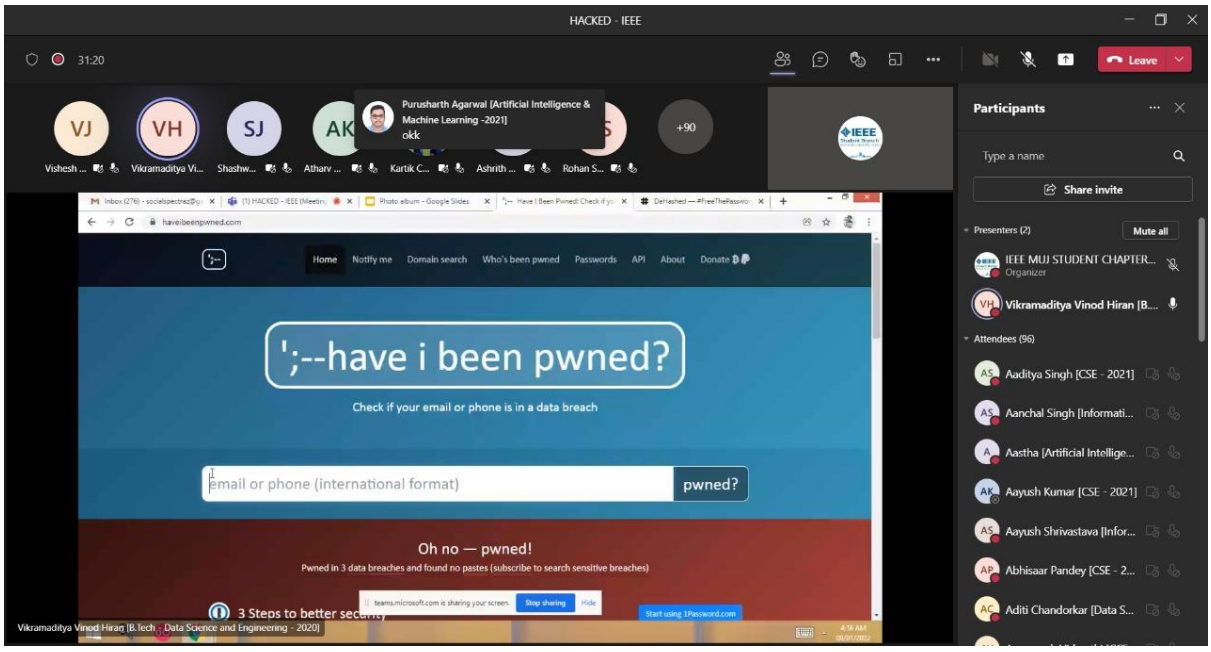
The speaker, Mr. Ajinkya Lohakare, is a paid security consultant, ethical hacking expert, cybersecurity expert, public speaker and an entrepreneur. He has an experience of having conducted more than 500 workshops. Along with this, he is also a TEDx speaker. The speaker collected a fee of Rs. 1500 for conducting the workshop.

5. Brief Description of the event

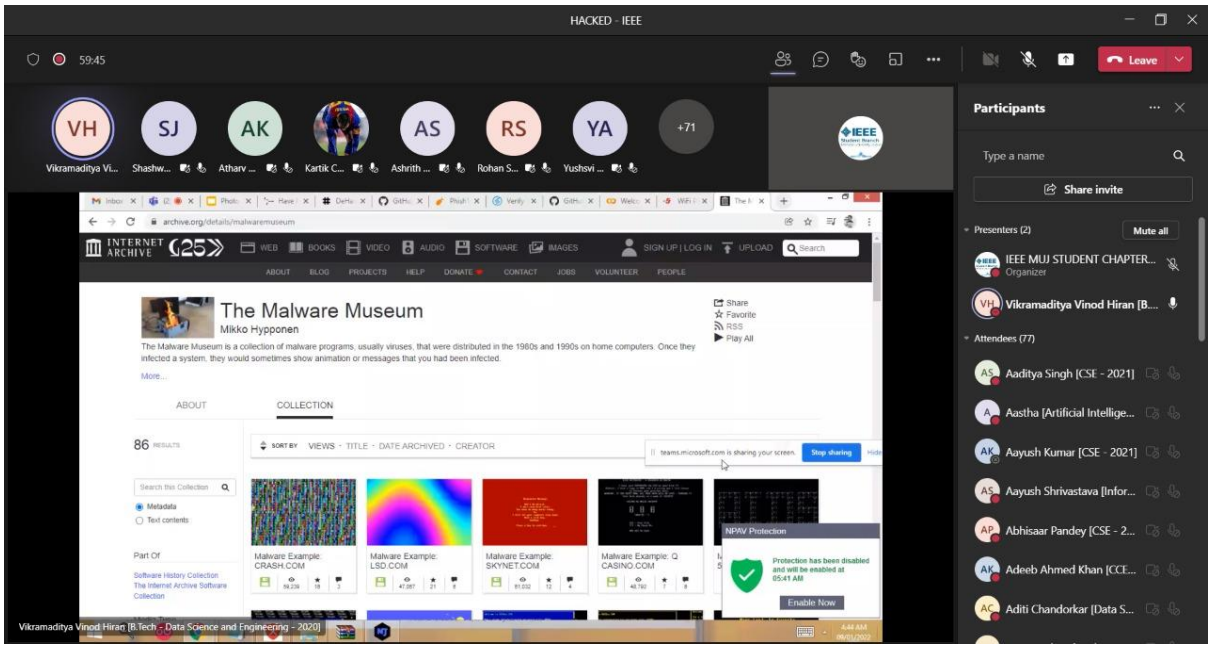
The workshop started off with the speaker explaining about security on the internet. The participants were also very interactive and had all of their doubts cleared with the speaker. It also covered a roadmap to cyber security certifications and how to build a career in cybersecurity.

All the topics from basic to an intermediate level were included and explained by the speaker. By the end of it, the participants learnt a lot and this workshop will surely help them get started with cybersecurity

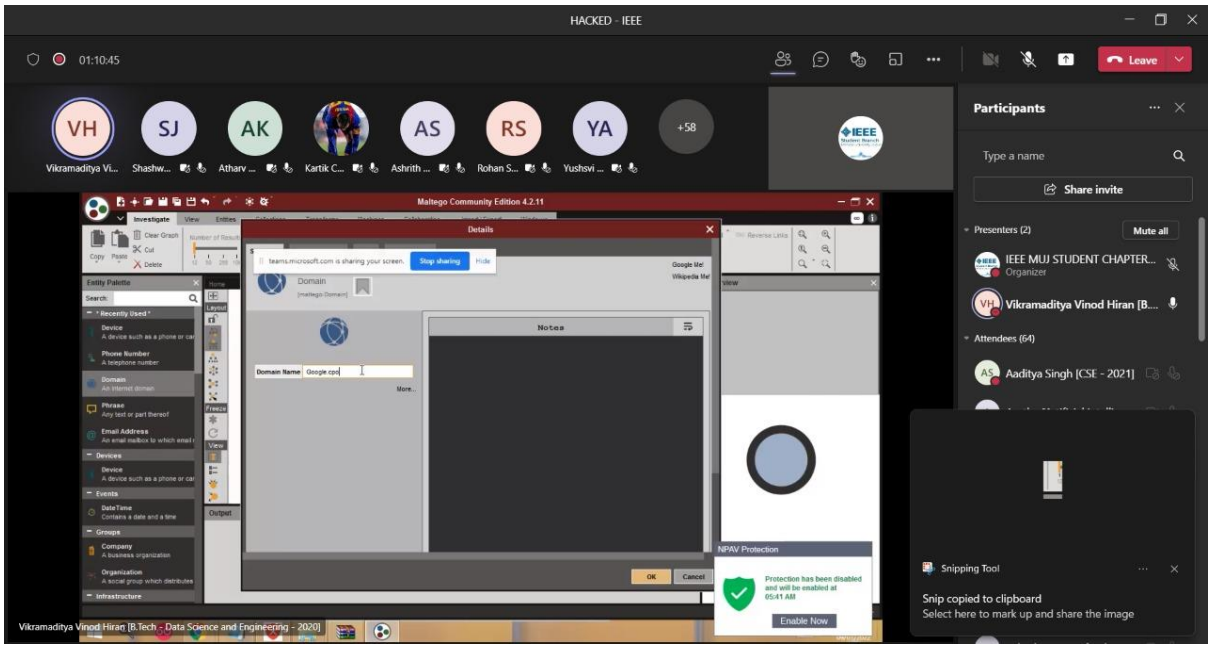
6. Photographs of the event



The speaker explaining the importance of safety on the internet.



The speaker talking about different types of malwares.



The speaker interacting with the participants.

7. Brochure of the event

8. Schedule of the event

The event was scheduled on 9th January and it started at 5:30pm. It was a 1.5 hour event.

9. Attendance of the Event

The total number of attendees for the workshop were 160

1. Introduction of the Event

Road Safety Club of MUJ in collaboration with RPM-SAE MUJ is promoting a Webinar. Ministry of Heavy Industries has announced the period from 10th-16th January, 2022 as "Azadi Ka Amrit Mahotsav" week. This online event aims to bring together experts from different domain of road safety such as Vehicle Engineering, Road Engineering, Trauma Care & injury research, etc. to share their knowledge/ experiences and to showcase the advancement made in the field of road safety.

2. Objective of the Event

- Safe Vehicle Technologies
- Latest trend in Vehicle Safety
- Infrastructural remedy for Blackspot prevention
- Advancement in forgivable Road Engineering
- Road Accident Data Analysis
- Safety for Vulnerable Road Users

3. Beneficiaries of the Event

- MUJ Students
- MUJ SAMM Faculty

4. Details of Guests

- Mr. Dinesh Tyagi (Director- ICAT)
- Dr. Sarma Akella (Vice President Mahindra & Mahindra)
- Prof. S Mukherjee (Henry Ford Chair Professor IIT-Delhi)
- Dr. Kayitha Ravinder (Sr. Principal Scientist & Head-Transportation Planning and Environmental Division CSIR-CRRI)
- Mr. Pratyush Khare (Head- Integrated Safety Centre, Tata Motors Ltd.)

5. Brief Description of the event

The session commenced with brief introduction of all the speakers. In continuation to that, each and every speaker was individually asked to share their knowledge in respective domains. They shared their individual presentations and explained various terms related to road safety. They also shared the causes, statistics and prevention methods that covers all the related steps that could help explain in an efficient and effective manner.

The event was more of an interactive session with doubt clearing session where participants were given space to make themselves clear and a chance to get in depth knowledge. The event ended on a thanking note to all the speakers and guest.

Introduction of the Event

The Fishbowl Experience was started by TMC during the first lockdown of the CoVID-19 breakout. It is an event where a performer, a member of our club, is given access to our Instagram account, using which they go live and perform a set of 8-10 songs for the audience.

Objective of the Event

- The main purpose of this event was to keep the members of TMC, and other students at our university on their toes about how TMC gives out performances.
- We plan on continuing this for as long as we can as the university is still operating in hybrid mode and there are still a lot of people who are not yet back in college.

Beneficiaries of the Event

- Students

Brief Description of the event

The Fishbowl Experience is an online event of TMC's where a member of our club goes live from our Instagram account to perform a set of 40 to 45 minutes for the audience.

For this edition, we had Anmol Srivastava, a second year CSE student from our club. He has an enthusiastic view for the club, even after most events in the last year being online. It shows his dedication and passion for music and that is what we wanted to show to the new batch that has joined our university and club. His amazing performance was of around 45 minutes and consisted of 11 songs (3 of those were requests from the viewers) which were:

1. Kabhi Jo Badal Barse
2. Kuch Khaas Hai
3. Baarish
4. Humdard
5. Dua
6. Milne Hai Mujhse Aayi
7. Tu Jo Mila
8. Jiyein Kyun
9. Abhi Na Jao Chhod Kar
10. Tujhe Bhula Diya
11. Aadat

Feedback of the Event

The Instagram Live allows viewers to send in their comments during the event

through which we could see that it was being enjoyed by everyone and keeping them in their spirits in these times of uncertainty. We plan on continuing such events just to see people enjoy it as much as they have in the past.

MANIPAL UNIVERSITY
JAIPUR

1. Introduction of the Event:

Discord session was an interactive event organized by Coreografia in January.
It was an exciting opportunity for all the participants, especially the new members to interact with each other and dance to their favorite tunes online on the Discord Platform.

2. Objective of the Event:

- To organize an ice-breaker session for all the new members.
- To unite and have fun with their common love for dance despite the current pandemic situation.

3. Beneficiaries of the Event:

Students of MUJ, exclusively for Coreografia members.

4. Brief Description of the event:

Coreografia invites all its new members to interact and dance to their favorite tunes online on the discord platform. This is an initiative taken by the club to bridge the gap between its senior members and the new freshers to increase the number of collaborations between the same. The session will also include basic workshops to show the freshers the various dance styles being offered within the club by its members. The event is an opportunity for all the freshers to display their talents as individuals before getting selected into various groups within the club.

9. Feedback of the Event:

The participants thoroughly enjoyed this interactive fun session. It was a great medium to connect with their fellow club members and seniors. They would like to attend more of these sessions.

1. Introduction of the Event

Aperture - the Digital Arts Society of Manipal University Jaipur organized an insightful workshop on "3D Design & Basics of

Blender" for its members to get a hands-on learning opportunity and begin their journey into the field of 3D Design.

2. Objective of the Event

The objective of this event was to:

- Get the audience familiar with the basic UI of Blender.
- Brief them about the basic elementary settings required to make their own render.

3. Beneficiaries of the Event

The event was exclusively organized for the club members of Aperture and included students from 1st, 2nd and 3rd year.

4. Brief Description of the event

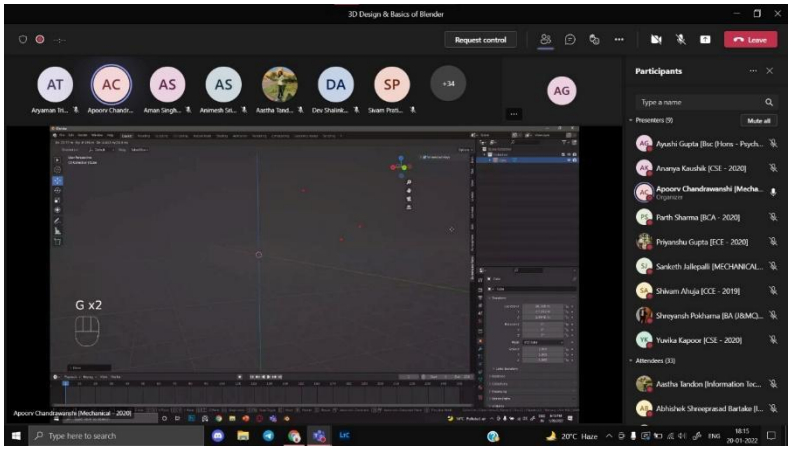
Aperture- the Digital Arts Society of Manipal University Jaipur successfully conducted a workshop on "3D Design & Basics of Blender" for all its members on 21st January 2022 in online mode through Microsoft Teams.

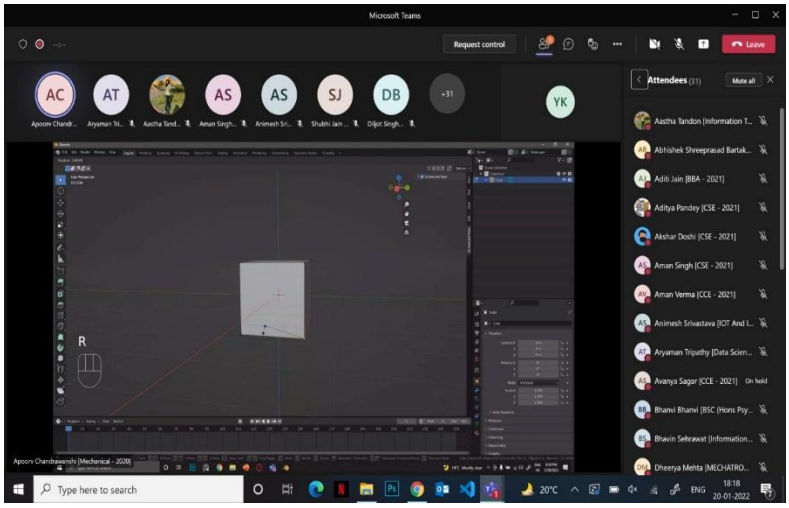
The workshop focused on 3D designing and aimed towards helping the audience kick-start their journey towards exploring this fascinating field of design using Blender.

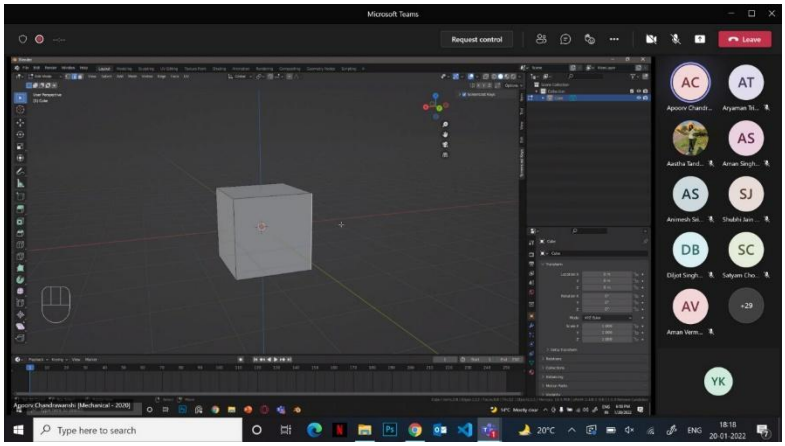
A brief insight into the basic UI and elementary settings of Blender was given to the members for a better understanding and hands-on learning of 3D designing. The hosts of the workshop made sure the members were able to understand the various concepts and create their own renders in future.

The workshop was spearheaded by Team Aperture, under the able guidance of the Core Members. It was open for all its club members and received a very positive response with almost a hundred people attending it. The workshop turned out to be a great learning experience for all those interested in the following field.

Workshop session in progress







5. POSTER OF THE EVENT

6. **Schedule of the Event**

The event started at 6pm on 21st January.

It lasted for a duration of 2 hours including a doubt session towards the end.

7. Attendance of the Event

1. Introduction of the Event

Aperture- the Digital Arts Society feels immense pleasure in organizing a hands on workshop on "Graphic Design & Basics of Photoshop". The idea behind this workshop is to give all the people interested in the domain of Graphic Designing an overview of it. It is meant to help new designers and brush up for people who already do graphic designing.

2. Objective of the Event

The objective of this event was to:

- **Give an introduction to Adobe Photoshop and talk about the basic design tools.**
- **Have an overview of Core Principles of Graphic Design (Alignment, Hierarchy, Contrast, Repetition, Proximity, Balance, Color, White Space).**

3. Beneficiaries of the Event

The event included the participation of only our club members that is 1st, 2nd and 3rd year students.

4. Brief Description of the event

Aperture- the Digital Arts Society of Manipal University Jaipur successfully conducted a workshop, "Graphic Design & Basics of Photoshop" for all of its Club Members on 13th January, 2022 in online mode on Microsoft Teams.

This workshop was focused on Graphic Designing. The purpose of it was to accustom the club members with the domain of designing and introduce them to Adobe Photoshop.

An insight was given on the basics of Photoshop, ranging from tools panel, properties, paths, adjustments layers to clipping masks, linked layers, smart objects etc. We also emphasized on the eight core principles of Graphic Design (Alignment, Hierarchy, Contrast, Repetition, Proximity, Balance, Color and White Space).

The workshop was conducted by Core Members and Team Aperture, it was open to all the club members. The workshop turned out to be a great learning experience and over a hundred people attended it.

NAME OF THE EVENT : Technical Workshop

TYPE OF EVENT : Online event

Date of Event : 13.01.22

Content of Report (index) :

1. Introduction of the Event

2. Objective of the Event

3. Beneficiaries of the Event

4. Details of the Guests

5. Brief Description of the event

6. Photographs

7. Brochure or creative of the event

8. Schedule of the Event

9. Attendance of the Event

10. News Publication

11. Feedback of the Event

12. Link of MUJ website

1. **Introduction of the Event :**

   A technical workshop was conducted for the fresh joiners of the club who are interested in editing and designing work. The club's technical team also briefed them about a professional working environment.

2. **Objective of the Event :**

- Introducing the first year students to basic editing.
- Establishing a platform for interacting with peers and seniors of the club.

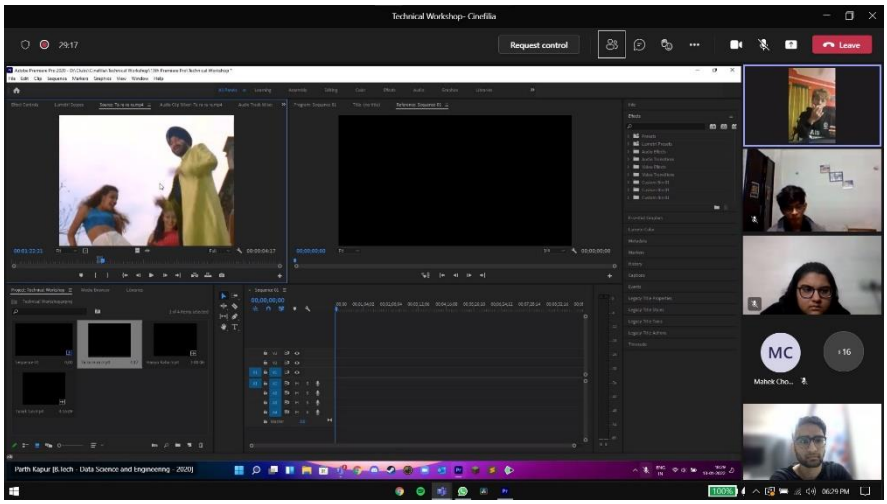
3. **Beneficiaries of the Event :**

- Students

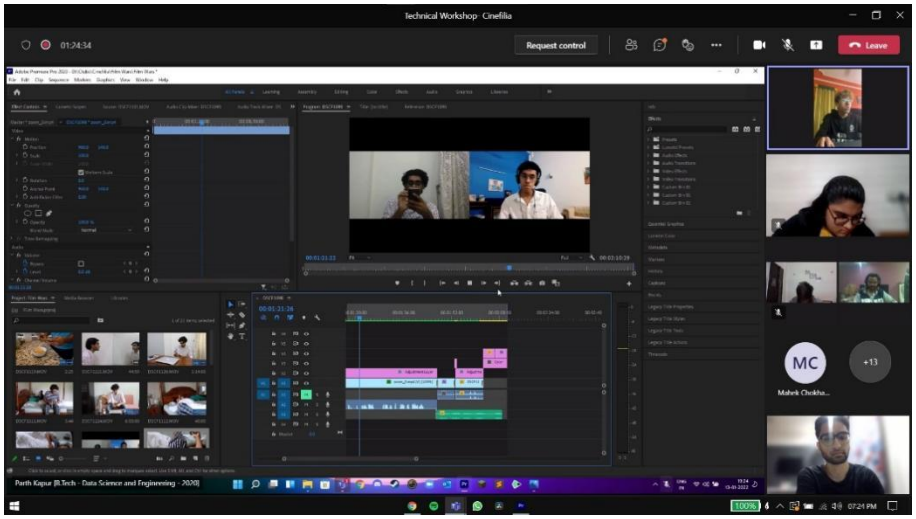
4. **Brief Description of the event :**

   Cinefilia had organised a technical workshop for the first-year students. This was conducted by the technical coordinators of the club. In this workshop, the students leant to use various software and apps like Premiere Pro, Canva, VN Video Editor, etc. for video and audio editing. This helped in establishing the basics of video production and editing, leading it to the advanced tools. The workshop also exposed them to a professional working environment. They were also taught about the working of the club's technical team, to teach them the skills required for it.

5. Photographs :



Setting up the editing environment



Learning timeline management

MANIPAL UNIVERSITY
JAIPUR

1. **Introduction of the Event**
   As Makar Sankranti is fast approaching, Coreografia intends to challenge its members with an online dance challenge where each student can perform and shoot a 15 second video of themselves dancing to a set of songs provided within a playlist on Spotify. It was an opportunity for all members to put on their dancing shoes and showcase their moves to friends and fellow club members.

2. **Objective of the Event**
   - Celebrate the festival of Makar Sankranti together through dance despite the distance separating us due to the pandemic situation.
   - Using different dance styles and choreographies on the list of songs given.

3. **Beneficiaries of the Event**
   Students of Manipal University Jaipur, exclusively for Coreografia members.

4. **Brief Description of the Event**
   Every year the festival of Makar Sankranti is celebrated with great zeal all over the country. This year, although not together on campus, Coreografia decided to maintain that same level of enthusiasm and came up with the Sankranti Challenge.
   A colourful playlist containing the all-time hits of Makar Sankranti was given to choose from and dance to. Receiving an overwhelming response from all members especially the freshers, we saw students grooving to chartbusters like Udi Udi Jaye, Shubh aarambh, etc. Students took videos of their respective choreographies which were posted as stories on the club's main Instagram handle. the participating members will get an opportunity to reshare their videos on their personal pages too.
   From Ballet to Bharatanatyam, we saw a wide range of dance forms and a glimpse of the large diaspora of diversity Coreografia boasts, in terms of its people and their dance.

1. Introduction of the Event

The Flutter workshop was an informative workshop meant to teach the attendees how to get started with App Development using Flutter. Other than that, the workshop also covered basic projects for students to get started with Flutter.

2. The objective of the Event

To make students understand the industrial relevance of App development and why use Flutter and why it is so effective and also Getting started with hands-on projects like calculators, tic tac toe, etc

3. Beneficiaries of the Event

It was Open for all.

4. Details of the Guests

Devang Sharma

Devang Sharma is an SDE intern at Groww, a Specialist at Codeforces, a 4-star coder at Codechef and an ICPC regionalist for the year 2020. He has been keen and passionate about App Development and has been a Flutter Enthusiast, and a Flutter Developer for some time, and has completed his B.Tech in Information Technology from IIIT Una.

He has developed, launched, and managed 3 applications on the Play Store's cloud server using Flutter:-

1. Memer

2. Aid First

3. Frienducation

MANIPAL UNIVERSITY
JAIPUR

5. Brief Description of the event

The workshop started with the speaker explaining the basics of App Development. The participants were also very interactive and had all of their doubts cleared by the speaker. It covered the complete roadmap on how to get started with Flutter, its uses and applications in the industry. The speaker also helped the students in getting started with hands-on basic projects like Calculator, Tic Tac Toe, etc.

All the topics from basic to an intermediate level were included and explained by the speaker. By the end of it, the participants learnt a lot and this workshop will surely help them get started with Flutter development.

1. Introduction of the Event

RPM-SAE MUJ conducted a GBM for welcoming our newest racers to the club. It was a short event to give an overview of a club and introduce new members to the working of the club and our future events.

2. Objective of the Event

- Introduce new members to the committee
- Give an overview of future events
- To understand new entrants efficiently
- Work on various suggestions and ideas
- Introducing vertical fragmentation of the club

3. Beneficiaries of the Event

- RPM-SAE MUJ Club Members

4. Brief Description of the event

The session commenced with a brief introduction of the speaker himself, as club president Lavish Rawal hosted the event. He shared his experience and learning equation with the club.

In continuation to that, every participant introduced themselves to the club and the club committee shared their learnings with the new entrants. Later on, the host shared the series of events that the club is going to conduct and he asked for their interest and suggestions. Then the host asked for new ideas the preference of events they want and their area of interest.

At last, the host briefed the planning of the club for the new entrants and the order of those events.

1. Introduction of the Event

RPM-SAE MUJ hosted a Technical Session on IC Engines for RPM Members. The session covered in-depth about the classification, different types and the working of engines. The session shared in detail knowledge about the most integral subsystem of a vehicle i.e., Engines.

2. Objective of the Event

- Laying the basic foundation about IC Engines to develop the skill set of the club members.
- Training club heads presentation skills and helping them to build confidence for conducting technical sessions.
- Preparing club members for further challenges and making them skilled enough to represent college in SAE Events.

3. Beneficiaries of the Event

- Club Members

4. Brief Description of the event

The first technical session for the session 2022-2023 was held on 21st January 2022 for the club members. The session was conducted by Vedant Shinde (General Secretary) and Lavish Rawal (Chairperson). The session began with explaining the classification of IC Engines, further explaining the components of an IC Engine. Then basic definition and terminologies were covered moving on to 4s and 2s engine and their working and difference between the diesel and petrol counterparts. The thermodynamic graphs were explained along with working formulas.

At the end of the session the floor was open for the students to ask any doubts they were having regarding the same. Along with that, the host for the event asked for their feedbacks is any, and will be taken care for the next sessions for this series.

5. Photographs of the event

1. Introduction of the Event

Fostering The Future 6.0 was an online workshop conducted by IEEE SB MUJ, where we helped the students build, analyze and further their insight over career choices, work opportunities, interests according to the relevance of the tech industries, and their domains, and ultimately, we put these ideas into place by inviting an MUJ Alumni, who guided the students into formalizing their career ideas by giving personalized advice and career guidance.

2. Objective of the Event

To invite an MUJ Alumni to show our members the growth of the Sophomores previously at MUJ and discussion over the Alumni's career path, their choices and interests and to help students understand how they can shape their own career paths using the advice of an Alumni and also gain knowledge about different post-graduation exams and scopes to grow in any relevant field of technology or interests.

3. Beneficiaries of the Event

It was open for only our club members.

4. Details of the Guests

Ms. Kanika Gera

The speaker, Ms. Kanika Gera, is presently working as an "Associate" at Goldman Sachs, she is an esteemed Alumni of MUJ, who did A B.Tech in Computer Science. She has interned at Tech Mahindra as a Data Analyst and as a Voice Intelligence Intern at Samsung. She has also received a master's degree in Computer Science from Bits Pilani.

5. Brief Description of the event

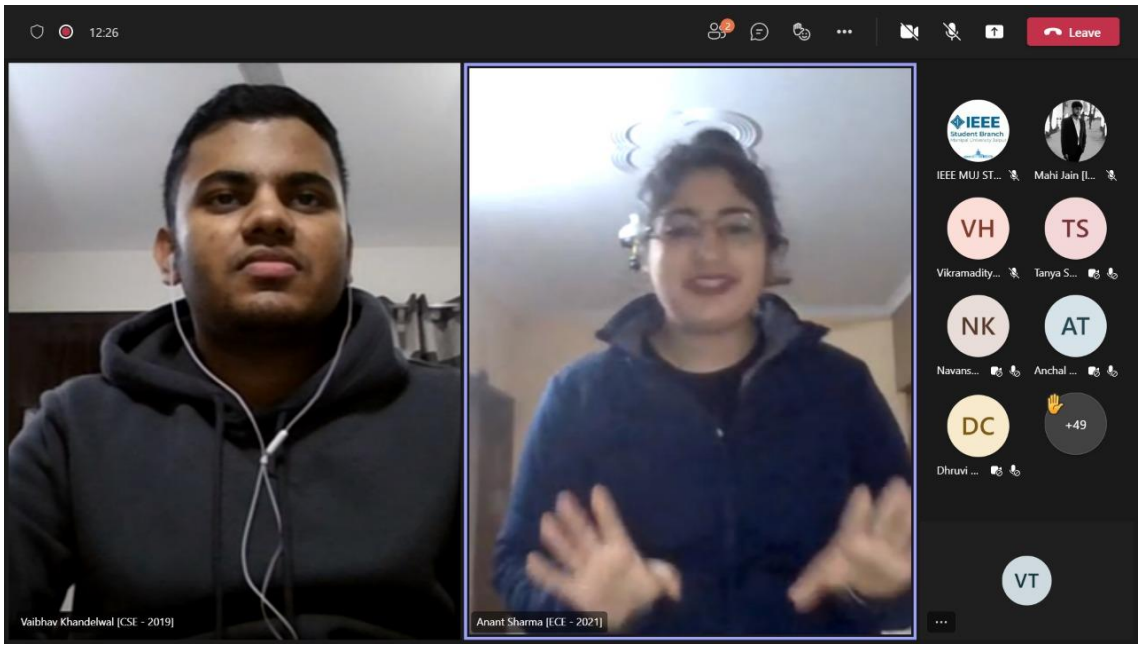
The workshop started off with the speaker explaining about the importance of career choices and the paths that can be chosen. The participants were also very interactive and had all their doubts cleared with the speaker. It also covered a roadmap to higher studies, on grabbing internship opportunities, prepping for post-graduation exams.

All the topics from basic to a demonstrative level were included and explained by the speaker. By the end of it, the participants learnt a lot and this workshop will surely help them get started with charting out their future career plans and opportunities

6. Photographs of the event

The speaker interacting and with the student members and the host, and simultaneously clarifying doubts.

The speaker talking about their career choices and what decisions she took to reach their current job.



The speaker and the host in a conversation about the Tech Industry and the expanse of the Domains.

7. Brochure of the event

8. Schedule of the event

The event was scheduled on 23rd January and it started at 5:30pm. It was a 1.5 hour event.

9. Attendance of the Event

The total number of attendees for the workshop were 150

1. **Introduction of the Event:** Cinefilia organized a storytelling competition 'Steller' in collaboration with 'Tape a Tale' which is one of the biggest storytelling platforms in India spanning over many colleges.

2. **Objective of the Event**

- Establishing a platform to promote Storytelling
- Determining the best Steller from the competition

3. **Beneficiaries of the Event:** Students

4. **Details of the Guests:**

Ms. Kopal Khanna (Judge of The Event)
In charge of TapeATale
Instagram: @kopalkhanna @tapeatale

5. **Brief Description of the event**: A national level storytelling competition was held where students from the university (not limited to the members of the club) got the opportunity to narrate a story. The stories were fictional or based on real life, and the time limit for the same was five mins. The winner of the first round was shortlisted for further rounds in the competition.

1. Introduction of the Event

Aperture- the Digital Arts Society hosted a hands-on session on "Motion Design and Basics of After Effects." The goal of this workshop was to provide an overview of Motion Design to those interested in the field. It was intended to assist beginners as well as refresh the skills of those who already have experience in the domain of motion design.

2. Objective of the Event

The objective of this event was to:

- Introduce Adobe After Effects and go over the basics of the software.
- Get a sense of what 2D Animation is all about.

3. Beneficiaries of the Event

The event was exclusively organized for the club members of Aperture and included students from 1st, 2nd and 3rd year.

4. Brief Description of the event

On the 27th of January, 2022, Aperture- the Digital Arts Society of Manipal University Jaipur successfully conducted a workshop on, "Motion Design & Basics of After Effects," for all of its Club Members on Microsoft Teams.

The subject of this workshop was Motion Design. Our goal was to familiarize the club members with the field of motion design as well as to expose them to Adobe After Effects.

The essentials of After Effects were covered, including the tools panel, timeline, effects control, keyframing, and so on. An insightful overview of the basics of 2D animation was given. The hosts of the workshop made sure that the members were able to understand the various concepts and create their renders in future.

The workshop was led by Core Members and Team Aperture.

It was open for all its club members and had a resoundingly positive reaction, with about a hundred people in attendance. The session was a fantastic learning opportunity.

Workshop session in progress

1. Introduction of the Event

Breached 2.0 was a cryptic hunt which is a virtual treasure hunt in which some questions and possibly a few hints are given, and participants must figure out the answers.

2. Objective of the Event

To complete all levels of the game in the minimum time possible.

3. Beneficiaries of the Event

Our club members, students of MUJ and other colleges as well.

5. Brief Description of the event

Breached 2.0 was a cryptic hunt which is a virtual treasure hunt in which some questions and possibly a few hints are given, and participants must figure out the answers. You can expect to search the internet for clues, use cyphers, extract metadata, or simply figure out the pop culture reference.

The Tech Hunt is an online technical hunt based on various aspects of programming, crypts, technology, logic, pattern finding, and hunting for clues. The event will be a multi-stage event, with successful completion of a stage leading to the next, with answers in the form of any technical glitch, error, anomaly, logic, hidden secrets, and even CTF-type flags!

Prize Pool

Rank	Team Leader Name	Registration No.	Amount
1.	Siddhant Bhat	219310154	5000
2.	Janhvi Mishra	191103025	2500
