

Career Counselling Session: Global prospects for architecture graduates

Career Counselling Session on “Global prospects for architecture graduates” by Ar. Meenakshi Nieto from US was organized at School of Architecture and Design on 15th May 2019. Ar. Meenakshi Nieto, at present is A.A.E, Assistant Vice President, West Coast Aviation Planning, WSP and Former Senior Manager, Corporate Real Estate and Facilities, American Airlines.

There are ample number of **career** opportunities available for **architecture** graduates. Architecture profession is much beyond just designing aesthetically pleasing buildings. There are lot of diversified fields in architecture; some students may want to focus upon the design aspect where others may be more interested in construction management, landscape architecture, architecture conservation, urban planning or environmental design.

The session started with a detailed presentation by Ar. Meenakshi Nieto on various options of career in Architecture. She also focused upon the career opportunity in Aviation planning. Presentation was followed by personalized discussion. The session was attended by nearly 15 students.
