

Manipal University Jaipur Providing Expert Advice to Government

Manipal University Jaipur is home to a diverse range of experts across various fields, including economics, environmental science, public health, law, and more. These experts conduct research, engage in critical thinking, and gain in-depth knowledge in their respective areas. Their expertise is not confined to theoretical understanding but extends to practical applications, making them valuable resources for governments seeking informed guidance.

One of the primary ways Manipal University Jaipur provides advice to governments is through the creation of policy guidance documents. These documents, often the result of extensive research and analysis, offer evidence-based recommendations for addressing complex societal issues such as National Forensics Science Institute (Annexure 1). Manipal University Jaipur provided expert advice to Central Detective Training Institute (Annexure 4).

Manipal University Jaipur's civil department produced a comprehensive report on sustainable development, proposing policy changes that could improve wealth distribution and advised Jaipur Development Authority (JDA). Manipal University Jaipur, by having their faculty members and researchers serve on the committees, ensure that decisions are well-informed and consider the latest research findings (Annexure 2). Manipal University Jaipur acts as data repository and sources of evidence. Governments rely on academic institutions to provide data, studies, and research findings that support their decision-making processes. Manipal University Jaipur helped Jaipur Collectorate with its innovation of documents management. Manipal University Jaipur professor untapped potential of design innovation across various sectors and amplify design's contribution to India's trade portfolio. Collaborating with CII's Design Division has been a driving force in promoting business growth through design innovation, design thinking, and the continuous evolution of new design paradigms to bolster the manufacturing sector. CII is at the forefront of change by collaborating closely with the government on policy matters, engaging with thought leaders, and striving to enhance efficiency, competitiveness, and business opportunities for our industry through specialized services and strategic global linkages. Manipal University Jaipur participates in governmental committees and working groups. Government officials frequently seek the input of university experts when formulating

new policies or addressing specific challenges (Annexure 6). Manipal University Jaipur with expertise in urban planning helps develop sustainable growth strategies and design efficient public systems. Manipal University Jaipur joined the Sustainable Development Goals Working Group (SDGWG) with the Ministry of Housing and Urban Affairs (Annexure 3). Faculty Members of Manipal University collaborate with government universities as subject experts and provide guidance (Annexure 5).

Manipal University Jaipur is an ivory tower of knowledge; it is active contributors to the betterment of society. Providing specific expert advice to governments is pivotal in addressing complex issues and making informed decisions. Whether through policy guidance, committee participation, or the provision of evidence, Manipal University Jaipur indispensable partners in the governance process, ensuring that government policies are well-informed, evidence-based, and beneficial for the public. Recognizing and supporting this vital role is essential for effective governance and societal progress.

1. Introduction of the Event:

A study tour was organized for the students of Bachelors of Architecture, Manipal University Jaipur in the Garhwal region of Uttarakhand. The students received an opportunity to study the architectural aspects of IIT Roorkee on the 1st day of the tour.

2. Objective of the Event:

Through this activity, it was intended:

- to study and document the architectural features of the campus.
- to understand the different ways of combating climate challenges in a region having a composite climate
- to understand and appreciate the campus planning principle and technology in the IIT Roorkee campus.

3. Beneficiaries of the Event:

2nd, 3rd and 4th-year students of Bachelor of Architecture, MUJ accompanied by three faculty members.

4. Brief Description of the event:

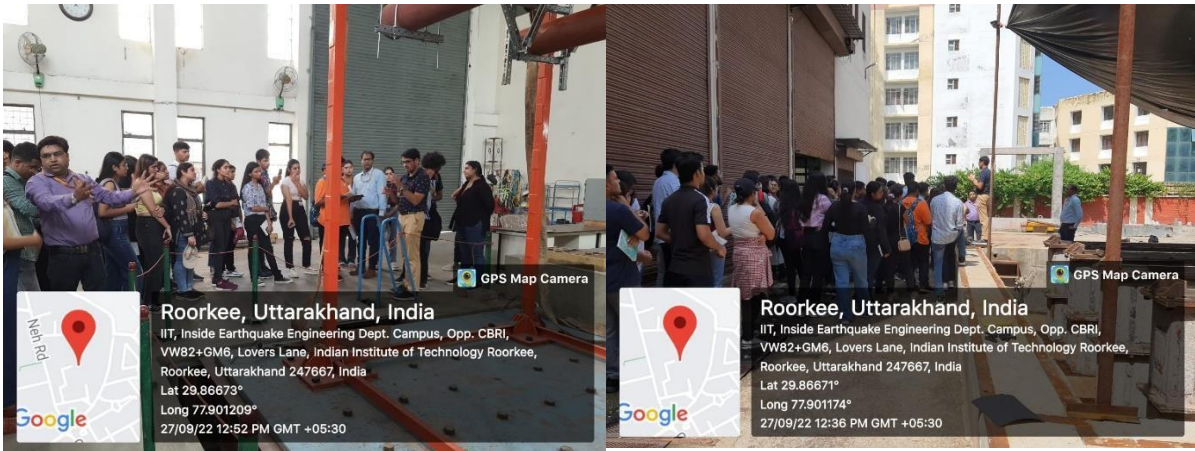

Heritage club under SA&D, conducted a visit to the Indian Institute of Technology, Roorkee, on 27th September 2022. The visit allowed the students to explore the campus, helping them understand its topography and construction techniques. The students also got to witness the colonial architecture and how the main building was segregated from the other buildings of the campus. The tour was conducted in the early hours of the day, which let the students interact with the students and faculty of the university and get a glimpse of their daily schedule. The faculty of the architectural department of IIT took a lecture followed by a visit of their exhibition hall, their classrooms, library, and workshops where they could see the university's best works and facilities.

Through the visit, the students were able to document multiple aspects of the campus as students in different years of their education viewed the site from different perspectives. Multiple levels of experience and different thought processes allowed them to broaden their horizons when they worked together.

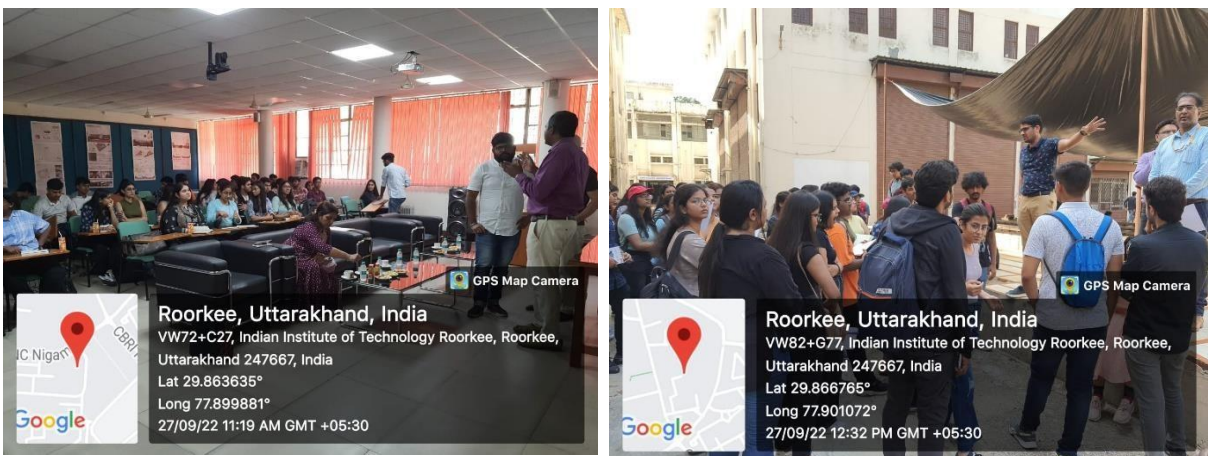

5. Photographs of the event

Visit to the classroom and studios of the architecture department in IIT Roorkee Campus

Letter of Appointment: ‘Student Chair’ of ASHRAE Rajasthan Chapter (#216) SY 2023-24

Dear Dr Yadav,

ASHRAE (American Society of Heating Refrigerating and Air-conditioning) is a global society with more than 50,000 members across the world. ASHRAE has total 10 Chapters in India. Rajasthan Chapter is one of the Chapters of ASHRAE and it comes under ASHRAE Region-At-Large (RAL) which has a total of 32 chapters from over 19 countries.

ASHRAE Rajasthan Chapter (ARC) has 50+ highly committed & active members comprised of manufactures of HVAC equipment, industry professionals of HVAC&R, Green Building & Net Zero experts, Architects, Engineers, Academicians and officials from Govt Departments.

Part of Global practices, each ASHRAE Chapter undergoes election every year as part of the Society Year. For the Society Year 2023-24 of ASHRAE Rajasthan Chapter (ARC), which is the only ASHRAE Chapter in the State of Rajasthan, *your goodself has been elected by the Board of Governors (BOG) and the Office Bearers of 2023-24 for one of the very important committees so called ‘Student Chair’*. Your term is for the Society Year, starts from 1 July 2023 till 31 June 2024.

You may login ASHRAE Portal and check your credentials, various benefits of ASHRAE and you may fill PAOE, based on activities which you will carry out and conduct during the society year. Further, this is to inform you that several benefits are offered by ASHRAE, ASHRAE Region-at-large (RAL) for some of the National/International conferences which you may attend. You may be in touch with RVC/ARVC of RAL for more details related to Student Chair, roles & responsibilities and its benefits. ASHRAE does offer several funding to educational institutions for research and education purposes, kindly keep visiting the website and in touch with RVC of RAL – Student Chair.

During your tenure, you shall promote Student Activities of ASHRAE but not limited to awareness, outreach, knowledge exchange about ASHRAE/HVAC and you may also support the ARC in having new Student Branches (Student Chapters of ASHRAE at Educational Institutions/Universities of great regulation) which shall educate young generation in the field of HVAC&R.

Should you have any clarification and support, please feel free to contact Office Bearers of ASHRAE Rajasthan Chapter (President/President-Elect etc.)

ARC is looking forward to receiving your patronage in promoting new and emerging solutions on HVAC&R across the State particularly for the growth of Student Members in ASHRAE.

With best wishes and compliments for holding **Student Chair** Position for the SY 2023-24 !

Subject: Invitation to GSGS Summit in Ahmedabad, India.

Date:
August 22, 2022.

Dear Dr. Anil Dutt Vyas,

It is my pleasure to invite you to the Asian Global Sanitation Graduate School (GSGS) Summit that will take place in Ahmedabad, India, from 1-3 November, 2022.

The Summit will focus on the present and the future of the GSGS in Asia with particular focus on sustainability of the GSGS program at your university, update of the program, and communication, co-operation and networking. A detailed program will be shared with you soon.

Another objective of the Summit is to generate interest and commitment of other academic institutions across Asia and to make plans for the future of GSGS in this continent.

You are expected to arrive in Ahmedabad on Monday, October 31, 2022, and to depart on Friday, November 4, 2022. IHE Delft administration will arrange and pay an air ticket for you. What you need to do is to, as soon as possible, confirm the flight itinerary suggested on the GSGS Telegram Channel or propose your desired schedule for your flight from your home base to Ahmedabad and back. We shall also need a copy of your valid passport featuring your photo and personal details in order to purchase your economy class ticket. Your passport data will be used only for the purchase of tickets through our network of travel agencies. The ticket will be sent to you by our travel officer via email. The travel arrangements from your home to the airport and back is your responsibility, but the costs will be reimbursed to you based on the proof of purchase of transportation. Please note that we shall prepare a declaration form for the reimbursement that you will need to send to us after your return home, signed and with your bank account details. Upon your return home, please send a single PDF file with the signed declaration form and all the proofs of the costs incurred, to Ms. Nnamaka Ojogbo (n.ojogbo@un-ihe.org), the GSGS admin assistant. We shall make a reimbursement to you soon after we receive your proofs via bank transfer.

You are responsible for checking and, if required, obtaining the visa to enter Ahmedabad in time. The costs for your visa will be reimbursed by IHE Delft based on the proof of purchase. You may wish to use this letter to obtain the visa, if needed.

Please, observe the entry regulations concerning the COVID check requirements. Also, the costs for your COVID test will be reimbursed by IHE Delft based on the proof of purchase, if needed. Do not underestimate the time that it may take to obtain all the necessary entry requirements, so please plan ahead of time and prepare accordingly.

You may also be required to do a COVID check on departure. We shall investigate if we can organise this for you sometime on Thursday, November 3, 2022, and if possible, in the hotel where you stay. The Summit will also take place in the same hotel (except for the opening ceremony which will take place at CEPT University). At the moment we are identifying the appropriate hotel for our stay and the event.

It is very likely that we shall arrange pick-up services for you from the airport to the hotel and back. If not, you need to take care of that by yourself and we shall reimburse you for the incurred transportation costs based on the proof of purchase.

Breakfasts and lunches will be arranged for you in the hotel, where we will secure a room for you for four nights, Monday night till Thursday night, with departure on Friday. IHE Delft will cover the costs of hotel, breakfasts and lunches in the hotel. For dinners (at location of your choice) we shall make an allowance according to IHE Delft regulations for Ahmedabad. Dinners will be reimbursed individually via the expense claim form mentioned earlier, based on the proofs and within the allowance which will be communicated to you in time. So, you will need to pay for your dinner yourself and we shall reimburse you later for it.

In case you wish to arrive earlier (before Monday, October 31) and/or depart later (after Friday, November 4), please inform us about that. However, the hotel and other staying costs for these extra days must be covered by you. In case there are no available flights for you to arrive in Ahmedabad on Monday, October 31, and you need to arrive a day earlier, we shall cover the additional hotel overnight stay. The same is also applicable in a case where there are no flights to return to your home on Friday, November 4, and so you need to depart a day later. Seeing that we have a limited budget for this Summit, we hope that you will be able to find a flight that will bring you to Ahmedabad and back home at our preferred schedule.

The person to send your preferred travel schedule and copy of the passport is Ms. Nnamaka Ojogbo (n.ojogbo@un-ihe.org), the GSGS admin assistant.

In terms of preparation, we shall inform you timely about the Summit agenda and what we expect from you before, during and after the Summit.

Our partner, CEPT University, has formed a great support team and will be assisting us in the organization and implementation of this Summit.

So, for the time being, that is all from us. Looking forward to seeing you in Ahmedabad soon.

Best regards,

Prof. Dr. Damir Brdjanovic

Dear Dr Yadav

I trust this email finds you well.

Design is high on the national agenda for many countries. Governments around the world have recognized the importance of design to national competitiveness. Evidence shows that many countries are using design as a tool for economic and social development.

For more than two decades, CII's Design Division has been a driving force in promoting business growth through design innovation, design thinking, and the continuous evolution of new design paradigms to bolster our manufacturing sector. CII remains at the forefront of change by collaborating closely with the government on policy matters, engaging with thought leaders, and striving to enhance efficiency, competitiveness, and business opportunities for our industry through specialized services and strategic global linkages. We also provide a vital platform for consensus-building and networking on key issues of national importance.

As I take the privilege to Chair the CII National Committee on Design Innovation, I am writing to you with the following two requests:

1. Join the **CII National Committee on Design Innovation** for the year 2023-24
2. Attend the first meeting of the Committee on **3rd November 2023** from **3 PM-4:30 PM IST** on zoom platform

This year, our work in the field of design will revolve around the theme "**From Handicraft to Spacecraft**" Our goal is to shine a spotlight on the.

The agenda , joining link of the meeting shall be shared upon receiving your confirmation.

Should you have any questions or require further information, please connect with Mr Akash Kumar (akash.kumar@cii.in; +91-8595761795) / Mr Nitish Das (nitish.das@cii.in; +91 95995 59259)
