Amendment in FAIR Policy:

The following are suggested as amendment in the existing incentivization policy under FAIR:

1. Incentivization for granted patents will be 20 points to be equally distributed to all the associated inventors i.e., divided by N where N is the Number of inventors.
2. Category E under Journal Publication incentivization stands cancelled/removed. It was not in practice also.
3. **Scopus indexed Edited/Author'd Books and Book Chapter:**
 - (a) Edited/Author'd Book: 9 Incentive Points equally distributed to all authors i.e. divided by N
 - (b) Book Chapter: 3 Incentive Points equally distributed to all authors i.e. divided by N
4. **Incentivization of Externally Funded Project:**

The following table lists the proposed incentive points allocation for externally funded projects.

Sanctioned Amount	Allocated Maximum Points	Project Investigators	Co-Project Investigators
> 50 Lakhs	PIs-50 Points Co-PIs-25 Points	10% of Sanctioned amount or maximum of 50 Points, whichever is lower	5% of Sanctioned amount or maximum of 25 Points, whichever is lower
> 25 Lakhs and <50 Lakhs	PIs-35 Points Co-PIs-18 Points	10% of Sanctioned amount or maximum of 35 Points, whichever is lower	5% of Sanctioned amount or maximum of 18 Points, whichever is lower
< 25 Lakhs	PIs-20 Points Co-PIs-10 Points	10% of Sanctioned amount or maximum of 20 Points, whichever is lower	5% of Sanctioned amount or maximum of 10 Points, whichever is lower

- In case of more than one PIs and Co PIs, the points will be equally distributed and shared with all.
- Incentive Points can be claimed by PIs and Co-PIs based on fund disbursed by funding agency in MUJ account under the sanctioned project.

Note: In the statement 'divided by N', N is the number of MUJ faculty involved in a particular research outcome.
