1. Introduction of the Event

Students of BA(J&MC)-3rd year visited Begas village. Begas is in Jaipur Tehsil of Jaipur district in Rajasthan, India. It is situated 30 km away from Jaipur city. Students visited village in October month to cover a societal connect program which was organized by Department of Journalism and Mass Communication, School of Media and Communication, Manipal University Jaipur.

2. Objective of the Event

A group of students visited Begas village to know the people's awareness towards sanitation issues and make the villagers aware about its importance in healthy life.

3. Beneficiaries of the Event

A group of 6 students and one faculty member visited Begas village. The beneficiaries of the event were students, faculty member of MUJ and local community of Begas Village.

4. Details of the Guests/speaker

- a. Ms. Heena Ojha, Student, BA(JMC)
- b. Mr. Ronak Bharia, Student, BA(JMC)
- c. Dr. Amit Sharma, Assistant Professor, Department of Journalism and Mass Communication.

5. Brief Description of the event

The group found that the incomplete constructions of toilets are creating the problems related to sanitation. Many a toilet had no doors or had small pit holes. It was observed by the group that there was little or no awareness in the villagers about the water borne diseases. Many open drains, clogged drains etc. were found due to the lack of awareness. The team disseminated the relevant information to villagers and students at nearby schools. Youth showed more interest in the awareness.

Overall, the condition of village was average. Condition of Roads, Sanitation and Drains was found bad. Local bodies should focus on drainage system because the water was getting collected on the road which causes the pits on roads. Condition of government school was not so satisfactory, and the level of cleanliness was also very low. Sarpanch and other local leaders should focus on these primary issues.
