Introduction

School of Law, Manipal University Jaipur in Collaboration with The Faculty of Law and Administration of the University of Gdansk, Poland organized a Guest Lecture on 17th July 2021 on “AI after the pandemic- trends and challenges” in which Dr Malgorzata Wegrzak and Dr Hab. Edward Juchnevicus was the keynote speaker.

About School of Law

School of Law started in year 2014 has grown in leaps and bounds and have a strength of 700+ students at present. The Manipal University Jaipur forayed into the field of legal education by introducing Integrated BALLB (Hons), BBALLB(Hons), Bachelor of Law (LLB), Master of Law (LLM), and PhD programs in study. As an institution of Excellence School of Law is dedicated to fostering and inculcating the intellectual and ethical values in the students. The School of Law is committed to the evolution of law as an instrument of social change, efforts are being made to expose students to practical realities. The teaching methods adopted for the programs offered involve lectures, discussions, case studies, Moot Courts and project work that will facilitate students to promote multi-disciplinary inquiry and practical appreciation of problems. The School is approved by BAR Council of India.

About The Faculty of Law and Administration of the University of Gdańsk,

The Faculty of Law and Administration of the University of Gdańsk, the roots of which date to the seventeenth century, is the most important center of legal thought in the Pomorska region. The faculty employs nearly 150 teaching and research staff members, of whom thirty-eight are independent scholars (professors) and nearly seventy are Doctors of Law. Many of these staff members have not only achieved recognition worldwide, but they are also extremely experienced legal practitioners, and include representatives of the bar and other corporations, administrations, and the world of business. The staff and graduates of the Faculty of Law and Administration count among their ranks many representatives of the legal professions, including Supreme Court judges, high ranking state officials (ministers) and representatives of local governments, and prominent businesspeople.

Themes

AI after the pandemic- trends and challenges

Objective of the Event

The concept of Artificial Intelligence has gained attention of the scholars in the past and it is crucial to understand the legal aspect of Artificial Intelligence. The lecture provided an opportunity to all the participants to understand various aspects of Artificial Intelligence and discuss their suggestions and queries with the experts of the field. It also provided platform for scholars, academicians, and students from across the globe to come together and discuss the challenges posed by Artificial Intelligence and the probable solutions according to them. The participants gained insight of the concept from the perspective of poland jurisdictions.

Beneficiaries of the Event

Students from School of Law, Manipal University Jaipur were the beneficiary of the event.

Brief Description of the Event

The key note speakers addressed the issue of challenges faced during pandemic. The possible solutions by product development which will ensure to bridge the gap between human and technology. It also laid emphasis on the way vaccine development can play a crucial role in using AI.
