**About the Event:**

The Census Commissioner, India is the statutory authority vested with the responsibility of conducting the Housing & Population Census in India under Census Act, 1948 and the Rules framed thereunder. Planning, coordination, and supervision of the field activities; data processing; compilation, tabulation and dissemination of Census results are the primary duties of this office. The Census Commissioner, India is also designated as Registrar General, India under the Registration of Births & Deaths (RBD) Act, 1969, which provides for the compulsory registration of births and deaths. In this role, the RGI coordinates the functioning of the civil registration and vital statistics system in the country through all States and UTs. Implementation of Sample Registration System, wherein large-scale sample survey of vital events is conducted on a half-yearly basis, is also the responsibility of the ORG&CCI. SRS is an important source of vital rates like Birth Rate, Death Rate, Infant Mortality Rate and Maternal Mortality Rate at the State level in the country.

With reference to the importance of the Census authority and the need for the population data collected every decade, the visit was aimed to aware students with its functions and its modus operandi. The orientations were given by the dignitaries of the office, and it was followed by the visit to the data center and other branches as well.
