

## Alumni Talk Flyer

The flyer is set against a teal background with a white silhouette of a building. It features a central black and white portrait of a smiling man with glasses and a beard. Text is arranged in various orientations and sizes, including a vertical title on the left, a main title at the top, and event details on the right. Logos for Manipal University Jaipur and the School of Architecture & Design are present in the top corners, and a small architectural drawing is in the bottom right.

## ALUMNI TALK - Alternative Career After Bachelor of Architecture

Webinar Session by Ar. Rishabh Wadhwa – An Alumni of School of Architecture and Design,  
22<sup>nd</sup> Aug. 2020

School of Architecture & Design, Manipal University Jaipur organized an inspirational talk by Ar. Rishabh Wadhwa titled 'Alternative Career after Bachelor of Architecture', on 22<sup>nd</sup> August 2020. The course of Architecture is 5 years long and teaches a lot of things. During the course, a lot of students realize that they do not wish to pursue architecture after its completion. Today in the 21st century, the skillsets of an architect can be applied to a lot of other fields and even the field of architecture has become so diverse that new careers within it have emerged. In this talk Ar. Rishabh will talk about the alternative careers available to students to pursue after pursuing B.Arch.

The session proved very helpful to the young minds and made them aware of many new aspects related and beyond the Architecture and Design.
