1. Introduction of the Workshop:

Architecture is a profession where outdoor learning plays major role. It teaches you what books cannot teach, to understand the fact, The workshop has been organised by School of Architecture and design on 10th October 2022 at Construction yard of Manipal University, Jaipur campus. The main aim of the workshop was to provide platform for the students to learn practical aspect of construction technique through hands on experience. They will understand the use of various tools in construction field.

2. Objectives of the Seminar:

- To understand various tools & its application used in Brick construction.
- To Prepare different brick bond in 1:1 scale
- To understand the role of various brick shape in preparation of Bond.

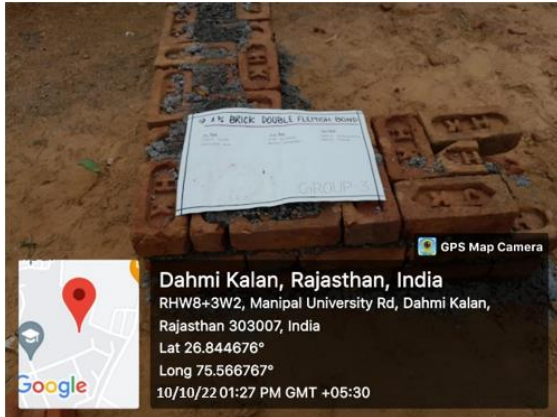

3. Beneficiaries of the Event:

- All 1st year, 2nd year & 3rd year student of Bachelor of Architecture of Manipal University, Jaipur
- All 1st Year, 2nd year & 3rd year student of Bachelor of interior design of Manipal University, Jaipur

4. Brief Description of the event:

School of Architecture & Design conducted a one-day workshop on Brick bond construction on the theme of "Let's build & Learn". The students of Architecture and interior design along with two faculty members of Architecture & Interior stream have participated in it. Student have been divided into various groups in such a way that each group has equal participation from each class. First year and second year students have prepared brick bond under the guidance of 3rd year student as well as faculty members. The group has been divided in such a way that the student can learn vertical coordination among each other. Each group has been assigned to complete two different bond within stipulated time. One mason & helper was also provided for preparation of Mortar.
