## 1. Introduction of the Event

An Expert Lecture by Ar. Chitra Vishwanath was organized on Tuesday, 13<sup>th</sup> December 2022 by School of Architecture and Design. She was felicitated by the Dean, FoD and Head, Architecture, SA&D. The lecture was scheduled for 1st year Bachelor of Architecture students for a better understanding of the Basic Design and Principles in Architecture.

Ar. Chitra is the principal architect & managing director of Biome Environmental Solutions based in Bengaluru and works on themes related to ecology, architecture and water. She has been running her own architectural firm since 1991, working with other architects on many projects in India and Africa.

## 2. Objective of the Event

- To help the students understand of the Basics of Architecture.
- To give a detailed overview on her journey as a practicing architect providing environmental solutions.
- To understand how principles of design initiate creativity and thereby appreciation of art in many forms

## 3. Beneficiaries of the Event

More than 10 faculty members and students of the 1<sup>st</sup> year of B.Arch were in the lecture.

## 4. Details of the Guests

Ar. Chitra Vishwanath, speaker, principal architect & managing director of Biome Environmental Solutions

## 5. Brief Description of the event

The lecture was on the Elements and Principles of Design and how they are very useful tool for understanding visual arrangement. The lecture also includes the role of Elements and Principles of Design in Architecture and Interior Design and how they serve an important purpose of initiating creativity and thereby appreciation of art in many forms

The interactive session helped the students learn interesting facts about her work, giving a detailed insight on how she took inspirations from around the globe and put her skills and learnings into the profession to deliver design solutions.

After the lecture of Chitra Ma'am, the session was then opened for students to ask questions as per their own curiosities.

Post this question-answer session, Ar. Chitra has gone through the architectural studio work of 1<sup>st</sup> year students. Critical feedbacks were given to all the students who got the opportunity to present their concepts and ideas to her.
