Moderator: Prof. (Dr.) Madhura A Yadav, Director School of Architecture and Design,

Manipal University Jaipur

Summary

The session had a panel of 3 experts – Prof. (Dr.) Anil Dewan (Professor, SPA New Delhi), Ar. Sandal Kapoor (SKA) and Ar. Raja Singh (SPA, New Delhi), and the session was moderated by Prof. (Dr.) Madhura Yadav-Ozarkar. The Experts collectively discussed the urgent and necessary changes in the trends of healthcare design across the world and echoed the need for a performance-based approach to healthcare design and discussed ventilation strategies, integrated design measures, modular and fast-paced construction demands and innovation in healthcare. Prof. Anil Dewan very aptly said that it is important to see the silver lining by making the most of our infrastructure and enabling more resilient design for a better future in healthcare. The experts reinforced the need for a collaborative approach to a resilient and smart future, bringing in a well thought out, customized system. In these hard hitting times of a pandemic, this session put the spotlight on architects to respond with deliberation and have the conviction that the spaces should be a combination of design and technology to support the needs of healthcare systems.

Webinar was co-ordinated by Akshay Gupta and supported for drafting post event news by Ar. Pushkala
