Kindergarten Outlook – the building of a child’s imagination

Manipal University Jaipur's Department of Interior Design organized a webinar on Illuminating Interiors on 7th September 2020 from 11am onwards. Understanding Child psychology is an essential need for creating a wholesome and well-developed kindergarten. It is through this understanding that students can create better design and responses for child centric design. The speakers are from versatile fields a doctor, and a kindergarten principal, both of whom reflected upon their personal experiences.

WHAT IS A KINDERGARTEN?

The word kindergarten comes from the German language. Kinder means children and garten means garden. The term dates back to the 19th century. Friedrich Froebel (1782-1852) started the first kindergarten, Garden of Children, in 1840.
