Webinar

Application of Fire & Life Safety in
Building Interiors

Coordinated By:

Apoorva Agarwal &
Sneh Singh

Department of Interior Design

School of Planning and Design

Date: May 26, 2020 | Faculty: Ar. Sneh Singh & Ar. Apoorva Agarwal

Webinar on Application of Fire and Life Safety in Building Interiors

Designers of today have come a long way in terms of designing Building Interiors and space enhancement. But to make people stay safe and sound, an effective fire and life safety plan and training is a need of an hour.

The Department of Interior Design, Manipal University Jaipur organized a webinar on Application of Fire and Life safety in Building Interiors on Tuesday, May 26, 2020 from 03:00pm to 05:00 pm. The speaker was Ar. Chaitrali Aphale, is NFPA certified fire inspector, currently working with Qatar Foundation, Doha with over eighteen years of global experience.

Students discussed about Life-safety system, any interior building element designed to protect and evacuate the building population in emergencies, including fires and earthquakes, and less critical events, such as power failures. Fire-detection systems include electronic heat and smoke detectors that can activate audible alarms and automatically notify local fire departments. For fire suppression, hand-operated fire extinguishers and, often, building sprinkler systems are provided. Smoke is as dangerous as fire, so protective measures include the automatic shutdown of ventilating systems and elevators and the division of the building into smokeproof compartments. Occupants evacuate through protected exits (which include exit corridors and stairways in smoke proof enclosures in multistory buildings) leading to the exterior.

Fire & Life Safety Code Introduction To Interior Designers

The Speaker

Ms. Chaitrali Aphale

Architect
Fire Protection Engineer
NFPA - Certified Fire Inspector 1

About the Speaker for the Webinar
Ms. Chaitrali Aphale

Screenshot of the Live session being conducted on MS Teams

The screenshot shows a presentation slide titled "Application Of Fire & Life Safety In Building Interiors". The slide content includes:

- Bureau of Indian Standards** logo and text: "Bureau of Indian Standards".
- NBC - India** logo and text: "NBC - India is published by Bureau of Indian Standards & it is recommendatory document."
- National Building Code Of India (NBC)** text: "It covers the detailed guidelines for construction, maintenance and fire safety."
- NBC Building Codes and Standards** header.
- A yellow sticky note with text: "The Building code becomes law of a particular jurisdiction, when formally enacted by the appropriate governmental or private authority."

The presentation is displayed in a browser window with a toolbar at the top (Open, Share, Copy link, Print, Download, Delete, Copy to, Version history) and a navigation bar at the bottom (Next page, 4 of 30, search, zoom). The MS Teams interface at the bottom shows a grid of participants' video thumbnails.

List of Participants:

S.no	Registration No.	Student name	Program	Mobile No.	Email ID
1		Ar. Sonali Jain	Interior Design	9413646777	sonali.jain@jaipur.manipal.edu
