GEOINFORMATICS – YOUR FUTURE AHEAD

NATIONAL WEBINAR

26 JULY 2022

1. Introduction of the Event

This national event was organized for spreading the awareness about geoinformatics and its career opportunities to the youths and their parents in the country who seek admissions for higher studies. Thus, the event had an intention to improve the admission in the year 2022.

2. Objective of the Event

- To spread the awareness about geoinformatics.
- To strengthen the admission-status of the department in the year 2022.

3. Beneficiaries of the Event

All students, their parents and faculty members who wish to pursue higher studies in the stream of geoinformatics are the beneficiaries of the event.

4. Details of the Guests

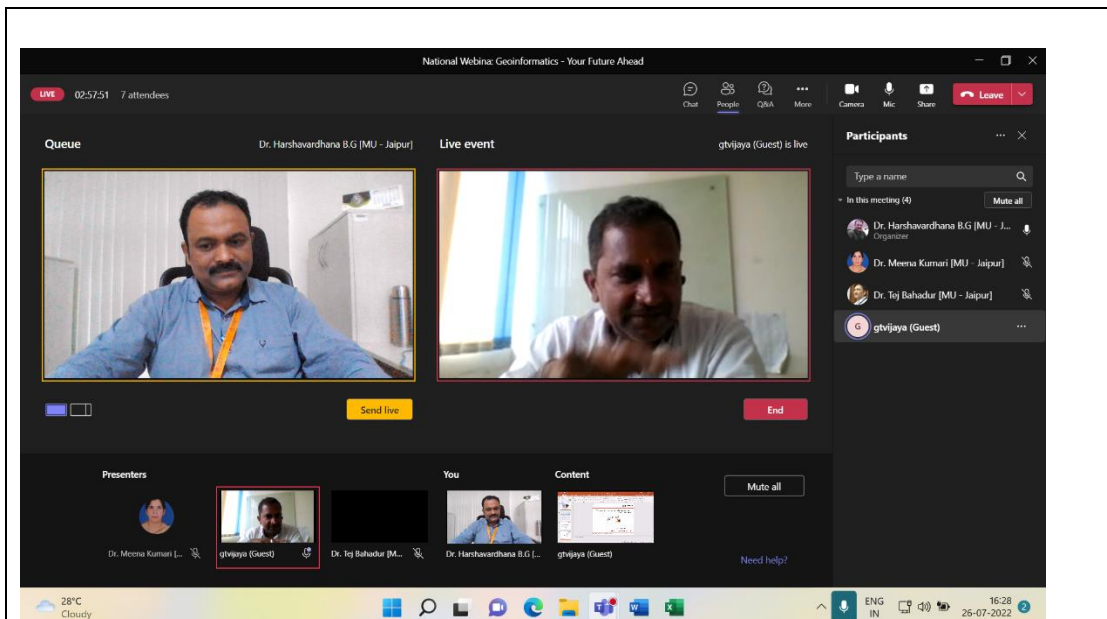

- a. Name: Dr G T Vijaya Kumar
- b. Designation: Senior Professional
- c. Agency: IIC Academy Vishakhapatnam

5. Brief Description of the event

The online session started at 2pm on 26 July 2022 with the welcome note by the Convener of the event Dr Harshavardhana B G, followed by Prof Meena Kumari Sharma, Head, Department of Civil Engineering, giving an introductory speech about the department and the webinar.

Dr G T Vijaya Kumar, resource person of the day, started his talk after being introduced to the online audience by Dr Harshavardhana B G. The discussion went for about two hours with a few questions from the participants. The resource person was glad to answer the queries. At the end the Convener thanked the resource person on behalf of Manipal university Jaipur and the Department of Civil Engineering, for enlightening the participants with the wonderful and useful information about geoinformatics and its career opportunities. Whole-heartedly, the Dean, Faculty of Engineering, the Director, School of Civil and Chemical Engineering, department Head and all faculty members were thanked for being the part of the national program.

6. Photographs

This block contains a collage of educational content:

- Top Left:** A video call showing three participants: Dr. Harshvardhana B.G., Dr. Tej Bahadur, and Dr. Meena Kumari.
- Top Right:** A list titled "The combined use of" including GPS, Remote Sensing, GIS, and Internet, accompanied by an image of a handheld GPS device.
- Middle Left:** A section titled "MULTISPECTRAL IMAGES" with bullet points: "Consists of several bands of data" and "For visual display, each band of the image may be displayed one band at a time as a grey scale image, or in combination of three bands at a time as a colour composite image." It includes images of a satellite, a drone, and a world map.
- Middle Right:** A diagram titled "Landslide Monitoring Process" showing "GPS Satellites" and "Coordinates" (Fixed Survey and Deformed Survey).
- Bottom Left:** A diagram titled "Tsunami Monitoring Process" showing a "GPS Satellite", "Base Station", "GPS Tsunami Meter", and "Anchorage" connected by "Data" lines, with a "Tsunami" wave below.
- Bottom Middle:** A section titled "Principal Applications of GIS [1]" with a list: Mapping and charting, Natural resources, Transportation, Utilities and communication, and Public safety.
- Bottom Right:** An infographic titled "Waste - Never Wastes Swachh Bharat INDIA" showing various waste management and recycling activities.
