REPORT

Department of Business Administration & Finance Club, Manipal University Jaipur has organized an expert session on “Blockchain & Cryptocurrencies” on 17/04/2021 for students of BBA, open elective course “FinTech” and members of Finance Club, MUJ. The session held from 11.30-1.00 pm. in which Mr. Somesh Gupta, Center Head- Infosys Ltd., Jaipur addressed the students. Mr. Gupta is alumni of IIT-BHU & IIMC having experience of more than 30 year in the field of IT and an avid researcher in the domain of Blockchain & Cryptocurrencies.

In a very interactive session, he discussed the blockchain technology in detail and the use of this technology in different areas like finance, smart contract, agriculture etc. He shared the concept of cryptocurrency, its inception and various types of cryptocurrencies available in the market. Mr. Gupta shared the features of different type of cryptocurrencies and which crypto is popular in which domain. Students raised the queries spanned from regulation to valuation of crypto currencies to whether in future these currencies will take the place of fiat currency. Mr Somesh Gupta had cleared all the doubts of the students and very comprehensively answered their question.

The session concluded with the vote of thanks proposed by Dr. Suhasini Verma, course instructor and head- Department of Business Administration.
