Event Report:

The Department of Physics, Manipal University Jaipur in collaboration with Directorate of Student Welfare (DSW), has organized a societal connect outreach activity on “Awareness about the flagship programme of the Government of India like Digital India and Skill India” at Government Senior Secondary School, Bagas on 2nd March from 10:00 am to 01:00 pm. The objective of the event was to inculcate senior secondary student's to introduce about several employability programme after 10+2, running by Government of India and their future possibilities.

On reaching the school all the delegates (students and faculty) of Manipal University were warmly welcomed by students, teachers and the Principal (Mr. Babulal) of school. In total 100 students of 12th standard and 20 students of Manipal University Jaipur participated in the event. Dr Rashi Nathawat (event-coordinator) introduced Dean (FOS) Prof Anoop K Mukhopadhyay, HOD (Department of Physics) Dr. Ashima Bagaria and other faculty members to the students and teachers. The event commenced with the interaction of Dean (FOS), Prof. Anoop Mukhopadhyay with students, who shared his journey as a scientist and encouraged them to explore employability possibility after senior secondary.

Followed by the presentation of Head, Dept. of Physics, Dr. Ashima Bagaria who gave presentation on Flagship programme on Skill India initiated by Government of India and awareness about self-employability into various field. Afterward Dr. Kamakhya P. Mishra gave insight on Digital India programme, also originated by Government of India. Also the career related queries of students were addressed in this session. A General science quiz was conducted for the students in which all students participated very actively. The Quiz was coordinated by Dr. Rashi Nathawat and Dr. Vipin Kumar. The winners of the Quiz competitions were encouraged by giving gifts. At the end of the event a memento was given to the principle and all teachers as a token of appreciation from Manipal University Jaipur. It was a pleasant experience for all of us to interact with young minds and answer their quires.
